

## ROOSEVELT AGAIN PUTS DIX IN TRUST

Colonel Cites Supreme Court Decision in Support of His Charge.

ITHACA, N. Y., Oct. 24.—Theodore Roosevelt jumped into the New York State political arena today with both feet.

He swung an oratorical big stick on John A. Dix, Democratic candidate for governor. In a speech at the Ithaca Hotel, the former President referred to Mr. Dix's assertion that he was not in the Wall Paper trust. The colonel said: "This statement by Mr. Dix is completely misleading. Either he knows nothing about what the company of which he is a director has been doing or he is not frank in his answer. If you will turn to pages 27 to 274 inclusive of volume 212, of the United States reports you will find the final decision of the Supreme Court, declaring illegal the trust of which Mr. Dix's Standard Wall Paper Company was a member. This decision was rendered in February, 1909, more than a year and half after Mr. Dix declared he became director of the company, which was in the trust."

**Copy of Contract.**  
"In the volume to which I refer is found a copy of the contract, between the Continental Wall Paper Company, the trust, and the Standard Wall Paper Company. Mr. Dix's company, which was one of those in the trust, Justice Harlan, speaking for the court, stated that the Continental Wall Paper Company was a clear violation of the Sherman law. "Mr. Dix's partner in the Standard Wall Paper Company, Julius Jackson, was the president of the trust. If Mr. Dix could be so ignorant of what was going on in his own private business in which he was a director, and so ignorant of what his partner in that private business was doing, and so ignorant of what the Supreme Court of the United States, definitely decided in reference to that business, then, all I can say, is that he is altogether too innocent to be trusted in public office as a subordinate partner of so able and astute a gentleman as Mr. Murphy, the boss of Tammany Hall."

**Not Enemy of Prosperity.**  
"I have been called the enemy of prosperity," he cried. "I am not more the enemy of prosperity than the policeman is the enemy of prosperity."

He knew Harry Stimson, he said, and knew him to be the right man for governor. Not more than 200 persons, outside of Cornell students, heard the colonel's speech, despite the fact that it had been widely advertised by Representative Dwight. Many of those present were women. Following the speech the Roosevelt party left in autos for Newfield, this county where the citizens had prepared a celebration. They go thence to Owego and wind up tonight in Binghamton. The trip was planned originally to inspect abandoned farms. Prof. L. H. Bailey, president of the Roosevelt country life commission; George E. Monroe, Government inspector of abandoned farms; Representative Dwight, and W. W. Cocks were in the party.
